Tag Cloud

degli alunni della I e II B della scuola media Pacifici di Sezze (LT)

Un tag cloud è una rappresentazione visiva di parole chiave. Più volte vengono ripetute, più grande sarà la loro riproduzione grafica.

Pertanto ho chiesto ai ragazzi della I B e della II B di realizzare un tag cloud a forma di casa che contenesse tutte le parole che più volte in questi indimenticabili e strani giorni in casa hanno ascoltato, ripetuto, letto o sentito.

Le parole sono parole, ma hanno una loro consistenza e creano memoria.

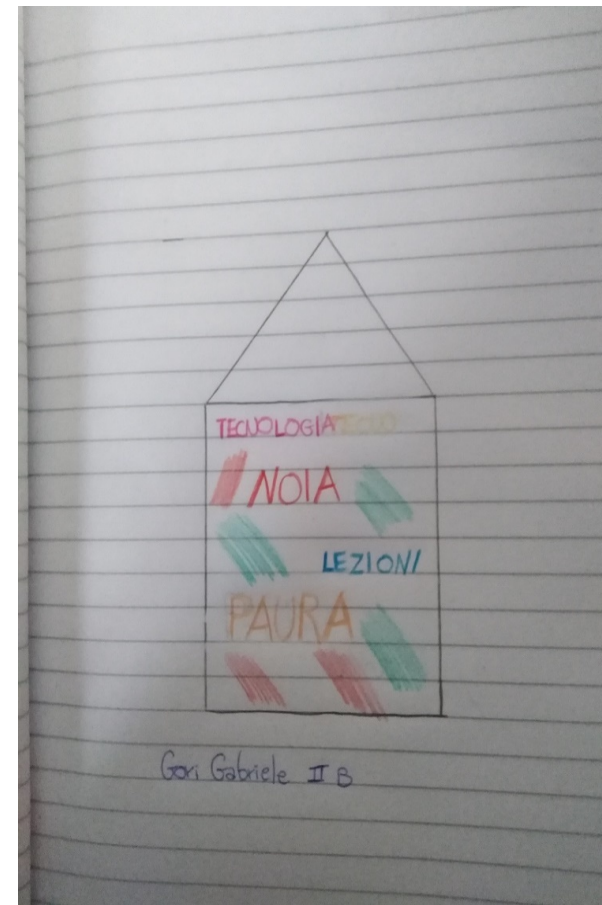

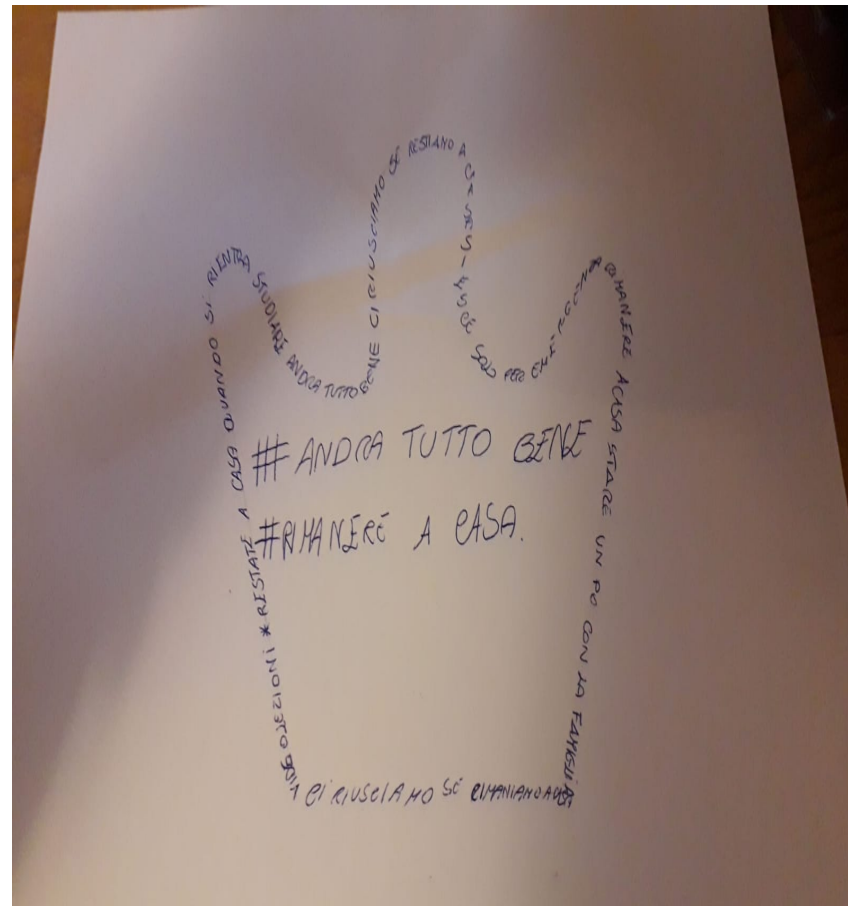

Ho poi raccolto i loro lavori in un Power Point "giocando" con quanto da loro scritto, sempre in un'ottica di sperimentazione di nuove forme di comunicazione.

Questo è il nostro
